Annual Meeting 2016

Our Featured Speaker:

Commissioner Bryan Desloge

Since joining the Leon County Commission in 2006, Commissioner Desloge has worked to promote many of the issues that are of concern to members of League, including but not limited to, health care and the

environment.

He currently serves as the County's Board representative on the Capital Region Transportation Planning Agency (CRTPA); the Community Redevelopment Council (CRA); the Criminal Justice, Mental Health, and Substance Abuse Reinvestment Advisory Council, Downtown Improvement Authority; Downtown Merchants and Business Association; the Canvassing Board; Citizen Advisory Committee, the Canopy Roads Citizen Advisory Committee and others. He is the founder and former president of Desloge Home Oxygen & Medical Equipment, a Tallahassee company that specializes in providing durable home medical equipment and respiratory services.

Bryan Desloge earned his Bachelor's Degree in Finance and Real Estate from Florida State University in 1983. After

LWVT Annual Meeting

**Please read the following and come to the Annual Meeting
prepared to exercise your right to vote!**

The membership will vote on the following five items of business:

1. Officers for 2016-2017. The slate proposed by the Nominating Committee is:

<i>President:</i>	Kathy Winn	<i>Vice-President:</i>	Linda Davis
<i>Secretary:</i>	Jessica Lowe-Minor	<i>Treasurer:</i>	Peggy Ramsey
<i>Board of Directors:</i> Liz Holifield, Maggie Lawrence, Margie Thomas, Teri Cleeland			

2. Proposed Amendments to the Bylaws. The following amendments to the bylaws are proposed by the Board of Directors (deleted language is indicated by strike-through; added language is indicated by underlining):

Article VII, Section 2: Annual Meeting: An Annual Meeting shall be held before April 30, the end of the fiscal year, the exact date to be determined by the board. The Annual Meeting shall: (a) adopt a local Program and Positions for the ensuing year, (b) elect officers and directors, ~~members of the Nominating Committee~~, (c) adopt an adequate budget, and (d) transact such other business as may properly come before it.

Article VIII, Section 1: Nominating Committee:

The Nominating Committee shall be appointed by the Board of Directors at least two months prior to the Annual Meeting and shall consist of three to five members, at least two of whom shall be board members. The Nominating Committee shall receive nominations for officers and directors from any voting member.

3. Program for 2016-2017. The proposed LWVT Program for 2016--2017 is as follows:

Voter Service

Register and educate voters, e.g., during Saturday Downtown Market, at League activities, and by tabling at allied organization functions. Conduct outreach to community leaders and allied organizations in adjoining counties to facilitate collaboration on candidate forums, including Big Bend Environmental Forum and WFSU Bandwagon.

Educate the public on voter registration changes. Work with Leon County Supervisor of Elections to advance election reform. Develop and promote Vote411Leon.org, including voter education on proposed constitutional amendments. Support efforts to restore voting rights of convicted felons who have completed their sentences.

Promote Political Responsibility

Continue to inform members and the public about civic responsibilities and issues through monthly Hot Topic meetings as well as through a variety of community events. Promote League positions taken on proposed constitutional amendments. Support anti-corruption legislation.

Local Government

Engage with elected and appointed officials and staff members of local governmental entities in order to be informed of and investigate issues related to the League program that are of interest to members. Monitor City of Tallahassee and County Commission agendas and minutes to be alert to evolving issues and to promote efficient and responsible local governments. Participate in related state and national League studies.

Education

Continually monitor Leon County Schools to determine the extent to which students in the county have access to a free public school system, in keeping with LWVUS and LWVF policy and position statements. In 2016-2017, this would include monitoring standardized testing reduction efforts, the Florida Tax Credit Scholarship Program (vouchers), the privatization of public education, and early childhood education.

Health Care

Support, monitor, and take action for ongoing national, state, and local physical and mental health care policies with educational and legislative initiatives that promote socio-economic, racial, ethnic, age and disability equity in accessing affordable, quality health care for all and control of costs. Advocate for the expansion of Florida's Medicaid Program. Support funding for providers of health care for the uninsured and initiatives to reduce infant mortality and food insecurity. Support accreditation of local hospitals and birthing centers as Baby Friendly.

Climate Change and Sustainability

Educate League members and the community on climate and environmental sustainability issues. Promote local and regional initiatives to ameliorate climate change and enhance long-term sustainability.

Economic Justice

Promote existing League positions and activities that address economic disparity. Seek to enhance educational and economic opportunity, education reform, progressive taxation, children and families, juvenile justice and access to health care in the local area. Expand the City of Tallahassee's digital canopy to low-income areas including South City and

Frenchtown.

Lobby Corps

Continue to support the LWVF's legislative advocacy effort at the Capitol by training volunteers in citizen advocacy, including monitoring and reporting on state legislative action of specific interest to the LWVF, such as health care, education, energy, land use, natural resources (especially water), taxation and election law.

4. Positions for 2016-2017. The Positions LWVT recommends for adoption in 2016-2017 are as follows:

Transportation

July 1994, the LWVT supports a transportation system that protects the environment and neighborhoods and gives incentives for multi-person transit. To this end, LWVT supports parking limitations, dedicated high occupancy vehicle lanes, Transportation Demand Management strategies such as flex-time, telecommuting and ride-sharing. The LWVT agrees that consideration should be given to a light rail system.

The LWVT supports establishment of a countywide bicycle and pedestrian system of bike lanes, bike paths and sidewalks to facilitate motor-free transportation. The LWVT supports creation of a balanced transportation system that emphasizes protection of the environment and underscores the need for alternatives to single occupancy vehicles. Emphasis is placed on accommodating people who cannot or choose not to drive an automobile.

April 2012, the LWVT supports a safer environment for pedestrians and bikers on Tennessee Street. The League supports a reduction in the number of lanes for cars to four, with turn lanes, where the remaining two lanes are designated as bus lanes also available to bicycle traffic that separate pedestrians from fast-moving automobile traffic. The League supports "Moving Tallahassee: Cars Optional," the creation of an eighteen-square-mile area in the heart of Tallahassee dedicated to creating a safe environment for pedestrians, cyclists, and transit users.

Charter Government

July 2000, LWVT supports charter governments in Leon County. We support charter review committees that review charters periodically and that have the power to propose amendments to the charter for direct placement on the ballot at the next general election. We believe all amendments to the charter should be accomplished by a simple majority vote. We support "an achievable percentage" of registered voters to bring about citizen petition; we oppose requiring 10 percent of registered voters from each district for citizen initiatives. We support establishing oversight of constitutional officers. We oppose allowing county ordinances to supersede city ordinances.

In 2002, Leon County became a charter county; LWVT supported the amendment. We

support a non-partisan election of the Supervisor of Elections and city and county commissioners. We support fair and equitable representation. We support the removal of nonjudicial functions from the Clerk of the Circuit Court position.

In 2010, both the city and the county appointed charter review committees; LWVT was represented on both committees.

Comprehensive Plan

In 1960-1961, LWVT supports measures in the Tallahassee Comprehensive Plan leading to long-range City and County planning.

February 1964, LWVT advocates continued attention be paid to community planning with support of measures that will provide the best long-range comprehensive planning for the community.

1979, LWVT commits to actively participating in the Comprehensive Plan decision-making process and commits to encouraging citizen input.

We support full implementation of the official comprehensive land use plan.

Consolidation

October 1971, LWVT reaches consensus in support of the consolidation charter. (Charter failed)

April 1973, LWVT supports the new Charter for Consolidation including changes made by the Charter Commission. They include: (1) addition of a Department of Planning; (2) procedural change in the recall of elective officials, by increasing the percentage of qualified officials electors who must sign a petition from 10 percent to 20 percent; (3) accountability for county officials (all officials would be required by the commission to submit "uniform estimates or budgets for the operation of their offices..."); and (4) taxation rate: "The commission shall provide and maintain a fair and just differential between the tax levy in city and county."(Charter failed)

September 1991, LWVT supports the concept of consolidation if it provides for efficient and accountable government, including support for citizen initiative, referendum, and recall. Under consolidation, we support: a reduction of duplication of services; an appointed, qualified administrator with clearly defined lines of authority and responsibility and the power to appoint and fire department heads; coordinated countywide law enforcement; adequate and equitable revenue sources with tax in proportion to service provided. (Charter failed)

LWVT has supported consolidation of city and county governments since 1968. However, public support has never reached the threshold needed to adopt the consolidation measures on the ballot. While the two governments have never merged,

there has been some functional consolidation in the areas of storm water, growth management, planning, parks and recreation, animal control, fire departments, and a joint dispatch center for emergency services. LWVT continues to support functional consolidation that provides for efficient and accountable government, reduces duplication of services, and improves coordination of law enforcement countywide.

LWVF Council is Coming Up!

Official Council Dates! Mark your calendar: April 29-30!

LWVF's Board of Directors has voted to spend up to \$2,000.00 to send up to 4 members (\$500.00 each) to Council. Contact Peggy Ramsey at ramsey020@comcast.net or 386-7589 if you are interested in taking advantage of this offer.

Meet at the Sheraton Orlando North in Maitland, FL, with LWVF President Pamela Goodman, LWVF State Board Members, and other local leaders from around the state as you gather to plan, learn, and strategize at the League's 2016 Council of Leaders this year.

LWVF has reserved a block of rooms to be held at the Sheraton Orlando North for Council attendees to book at a discounted group rate. Information about pricing, registration and how to reserve your room are available [here](#).

Held biennially, on even numbered years, the LWVF Council of Leaders is a two-day event that features general plenary sessions discussing and voting on the LWVF 2016-17 budget; planning meetings for Voter Services Chairs, Local League Presidents, and Treasurers; and eight different workshops allowing you to participate in four different sessions during the two days of Council.

Some of these workshops will be repeated, ensuring that you and the other Council

attendees can attend the four workshops you are most interested in. These workshops will be chaired by various leaders and veterans, and will be jam-packed with information that will leave you better equipped to lead your local League in the coming months and years. These tips, tricks, and tools of the trade offered in these workshops are truly invaluable, and are included with your registration at no extra cost!

Senator Montford Answers League Questions

At our most recent Hot Topic luncheon on March 23, Senator Bill Montford answered questions posed by the Public Education Study and Action Group. Below is a summary of his remarks by subject area.

Sen. Bill Montford

Charter School Regulation

Senator Montford expressed his support for charter schools as an option to provide different educational approaches when public schools are failing to meet the needs of students. In recent years, however, he believes that some charter school programs "have become real estate ventures as opposed to educational providers." Legislation passed this Legislative Session amended Section 1002.33, F.S., prohibiting charter schools from dismissing students based on academic performance, requiring charter schools to provide a monthly financial statement summary sheet that must be reviewed by the school district, and providing for the automatic termination of the charter school contract following the receipt of two consecutive grades of "F". In addition, charter schools must be located in Florida to receive capital outlay funds, school districts are prohibited from delaying payment based upon timing of receipt of local funds by the school board, and a remedy is provided if the local governmental authority refuses to comply with statutes related to building and site planning. Charter schools received an allocation of \$75,000,000 in Capital Outlay funding, the same level of funding as received by public schools.

Tax Credit Scholarship Programs

Senator Montford stated that he believes that these programs are basically voucher programs and that tax dollars should be sent to the State for decisions as to how they are spent. He indicated that there is a lack of accountability by the private schools funded through these corporate tax credits.

Early Childhood and Voluntary Pre-K

No significant changes were made to the statutory requirements for early childhood and voluntary Pre-K programs. Senator Montford expressed support for early education, beginning with adequate prenatal care for women and educational services for children from birth to three years of age.

Statewide Mandatory Testing Programs

When asked what changes were made in the statewide mandated testing programs, Senator Montford stated that, "we are testing-obese in Florida and we've got to go on a diet. We need less testing and we need to let teachers teach." He indicated that several subject area representatives had actually asked that their areas be tested under the theory that what gets tested, gets taught. However, during the 2016 Legislative Session, few changes were made to the statewide testing program requirements.

Teacher Certification and Salaries

Senator Montford indicated that some lawmakers favor allowing some professionals to teach without requiring educational preparation courses. HB 189 passed this Session allowing teachers in the areas of science, technology, engineering or mathematics to obtain a professional teaching certificate after one year of successful teaching and a passing score on the Florida professional education competency examination. The Senator does not support the Best and Brightest Program which was funded at \$49 million again this Session to award \$10,000 to teachers with high SAT scores and good evaluations. His position is that more funding and a better system is needed if teachers are to be paid more.

Community Schools

Senator Montford is supportive of the community schools concept and praised the schools in Orange County for their efforts to meet the needs of students and their families. He is concerned that the State is not adequately meeting the needs of low income families when it comes to food security and access to health care.

Climate Change and Sustainability Study and Action Group

Several of us went to the appropriations hearing which was scheduled to bring up a second chance for the Fracking Bill SB318. When the bill came up for discussion the author decided to table it. So all the persons there to speak against the bill, or at least register opposition to the Bill were rewarded for making a second appearance within one week.

Study of fracking in Florida is tabled for at least another year.

We continue to meet with the Sustainable Tallahassee Renewable Energy Advocacy Group monthly. Currently we are trying to influence the City of Tallahassee to commit a substantial portion of the 20MW grid that is planned to be built at the airport to be available as Community Solar. We had a lengthy discussion on how best to present the City of Tallahassee's plans to the community at large.

Many feel that information could be easier to find. We will continue to examine this

question.
